

AAMUL

Noida, UP +91 9140092917 Mail: aamul2412@gmail.com Portfolio: <https://bit.ly/4rPt7HB>

Professional Summary

Backend Developer with 4.3 years of experience in Java, Spring Boot, Kafka, and Microservices. Proven ability to build scalable APIs and optimize system performance. Skilled in integrating real-time data pipelines using MongoDB and MySQL. Passionate about clean code, performance optimization, and collaborative backend development.

Areas of Expertise

- Spring Boot Framework
- Java 1.8
- Kafka
- Microservices
- MySQL / MongoDB
- REST / SOAP APIs
- Maven / Jenkins
- Git / SVN
- Hibernate
- Splunk
- JSON / OOPs
- Unit Testing
- Data Structures
- Problem Solving
- Analytical Thinking
- Team Development
- Communication

Professional Experience

Associate Consultant

Infosys Limited, Noida, UP

October 2023 – Present

- Engineered backend systems for sales products using Spring Boot, improving response time by 25%.
- Developed and optimized Kafka-based data pipelines for real-time streaming, reducing latency by 40%.
- Diagnosed and resolved critical production defects, achieving a 95% reduction in recurring issues.
- Collaborated with QA, DevOps, and business teams to streamline workflows, achieving 30% faster deployment cycles.
- Mentored junior developers and documented workflows, reducing onboarding time by 20%.

Systems Engineer

Tata Consultancy Services, Noida, UP

January 2021 – October 2023

- Improved application performance by 30% through code optimization and refactoring.
- Led the Immunization module using Core Java, Spring Boot, and Hibernate for CVS Pharmacy.
- Maintained a 90% on-time defect delivery rate by proactively identifying issues.
- Optimized data synchronization by 80% through Real-Time Data Sync (RTDS) using REST APIs.
- Reduced load time by 25% through performance tuning and efficient resource management.

Projects

Gravity Simulator – Built a visual simulation of gravity and planetary motion. [HTML, CSS, JavaScript]
Project: <https://bit.ly/4pRIjSz> — GitHub: github.com/AamulSri/Gravity_Simulator

Spring Boot REST API Application – Developed a backend CRUD system for data management. [Spring Boot, REST, Postman]
Demo: <https://bit.ly/4prkgdw> — GitHub: github.com/AamulSri/BackendSpringBootRestAPI

Snake Game – Designed a two-level console-based game demonstrating OOP principles. [Core Java]
Demo: <https://bit.ly/3KaFpp7> — GitHub: github.com/AamulSri/2_Level_Snake_Game.git

Education

B.Tech, Computer Science Engineering

Feroze Gandhi Institute of Engineering and Technology

GPA: 76.4%

Class 12 (PCM)

Glenhill School CBSE

GPA: 85.4%

Achievements

- Earned a 5-star Java badge on HackerRank for advanced programming proficiency.
- Creator of a YouTube channel focused on programming tutorials and project demonstrations.
- Published technical blogs on backend development, Spring Boot, and microservices.
- Regular open-source contributor to GitHub projects improving backend performance and scalability.
